Literacy

In Literacy, we will be investigating, writing and evaluating the following writing genres:

- Writing from different perspectives.
- Reading for understanding
- Persuasive advertisements
- A speech for a specific audience.
- Narrative
- Balanced arguments/Discursive texts

PSHE & RE

We will be discussing how we can use and save money responsibly, how our country is governed and how to prepare for change in our school lives.

We will follow the SACRE guidelines in our RE lessons about respecting different religious beliefs and how they can work in harmony with one another.

Numeracy

In Numeracy this term we will be learning about:

- Conversions of measures including imperial units.
- Using formulae.
- Measuring, drawing and calculating angles.
- Interpreting and deciding how to present statistics.
- The properties 2d and 3d shapes.

Year 5 and 6 Curriculum Map Summer Term

PE

This term we will be;

Working with our Aspire Sports coach to improve our track and field skills in athletics and striking games.
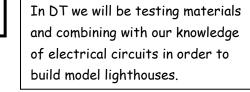

Science

In Science this term we will be learning about;

Keeping Healthy – We'll be investigating how the different types of food we eat can affect our bodies and learn how the human body responds to exercise.

The Scientific Process – Investigating natural phenomena and exploring the scientific ideas behind them with precision in our topic, 'The Why Factor'.

Theme

In History, we'll be studying the achievements of the Victorians and the amazing changes that marked a significant turning point in British and world history. In Geography, we'll be studying coastlines, their features, climate and how people use them.

Music

We will be singing songs from the Victorian music hall era and composing our own lyrics for new verses.

Computing

In Computing we'll be reviewing e-safety and understanding how the idea of Copyright can affect our online research. We'll also learn how to construct links on PowerPoint to simulate building a website.

French

In French we'll be taught by our specialist Modern Foreign Languages teacher.

DT

In DT we will be testing materials and combining with our knowledge of electrical circuits in order to build model lighthouses.

Art

In Art, we'll explore he urban landscapes depicted by L S Lowry and examine how he used perspective, both in colour and line to create depth. We'll also learn about washes and colour blends.
