

Interviews for the role of Playground Buddy

The children in KS2 were invited to apply for the role of Playground Buddy. They filled in an application form with their personal details and relevant experience, interests and skills. Sixty one children applied for the job.

Last year's Playground Buddies carefully read all the applications and after much deliberation shortlisted 21 children for interview.

They thought about and agreed on 7 questions to ask each candidate.

Interviews were held and all candidates performed very well making the interviewers' job extremely difficult. Then after much discussion eight children were chosen for this very important job.

A big thank you to all applicants and the interviewing team.
