

The Seasons

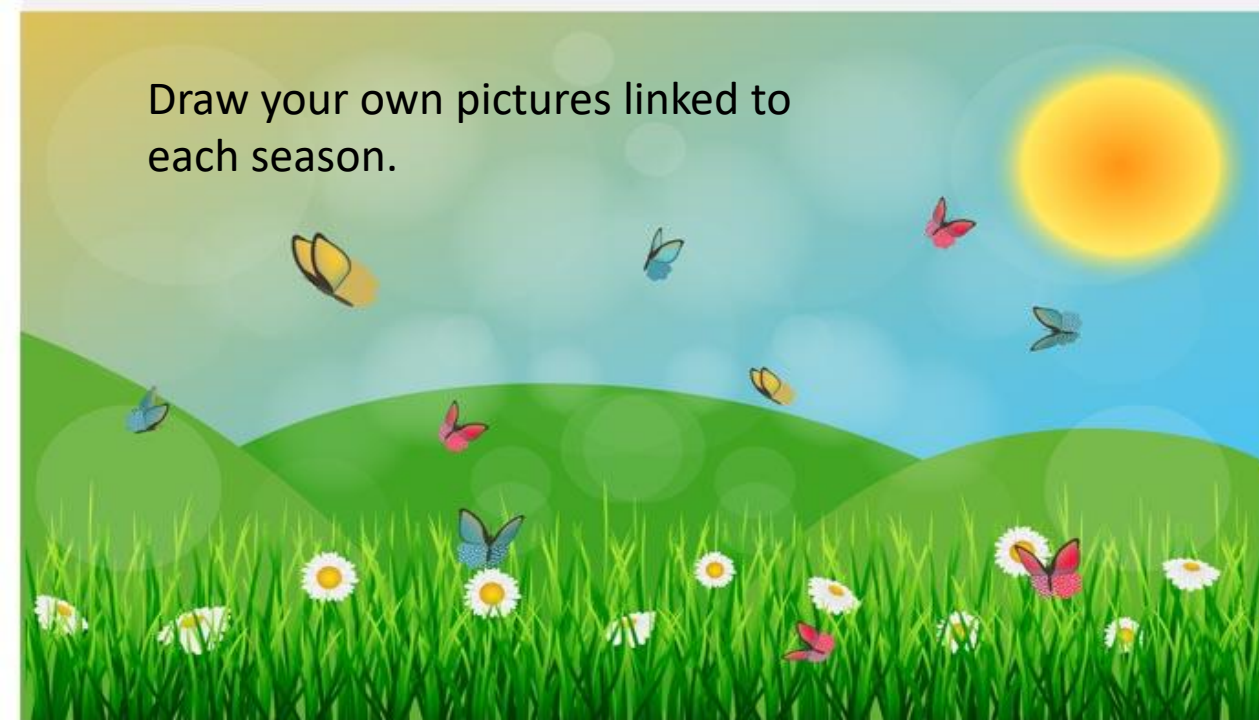

What are the seasons?
Can you find out more
about them?

Can you link
the correct
months to the
seasons?

Draw your own pictures linked to
each season.

Why do the seasons
have different
amounts of daylight?

Paint or draw a 'still life' picture of something real from your window or garden ...

a bird, a flower, a tree, a bush, a plant

Find out when and why the clocks change.

What events happen during each season?
Which is your favourite and why?

What clothes do you wear during each season.
Maybe design something of your own

How do the seasons affect the food we grow?

Create your own fact page about how a plant changes over the seasons.

Write a song or a poem about the seasons.

Seasons and the weather

Become a weather presenter.
You might need a map and some
weather symbols.

What is weather?

How does a rainbow appear?

What are weather instruments?

What is the water cycle?

What is a storm?

What can you find out about clouds?
