

Do you know what this word means? Would you be able to explain its meaning to someone and give an example of its use?

Reflection time

Read through your writing carefully.

How do you think you have done?

How can we add adjectives or adverbs to extend each line?

One day in a fishing village,

A ship sailed in, set to pillage!

The pirates were blinded by greed.

They charged through the streets,

Stripping the butchers of all their meats,

The pirates were blinded by greed.

Does your rhyme make sense for a pirate poem?

They silently ran back to their tall ships With lots of bags of fish and chips

If not, change the structure of the line so that a different word is at the end:

To their tall ships, they ran back Each with gold in a bulging, heavy sack

If you do not have a wax crayon, you can use a candle. Perhaps ask an adult if there is a leftover candle from a birthday party.
