

A21 Tuesday 25th January 2022

I can talk about something I was
afraid of.

Check reflections
from
yesterday's learning.

Tuesday 25th January 2022

I can talk about something I was
afraid of.

Read the story.

What is penguin small
afraid of?

https://www.youtube.com/watch?v=LsvtJcQ_CH0

Tuesday 25th January 2022

I can talk about something I was
afraid of.

Have you ever been afraid of
something?

How did you overcome your
fear?

Were there any other emotions
involved?

Tuesday 25th January 2022

I can talk about something I was
afraid of.

I was afraid of rollercoasters.

I was very brave and went on a rollercoaster.

I felt very scared but then proud of myself once
I had done it.

Tuesday 25th January 2022

I can talk about something I was
afraid of.

Share something that have have been afraid of.

How did you
overcome your fear?

Were there any
other emotions
involved?

25.1.22

A5 I can add and subtract

Draw a margin

Write your date

Write your learning objective.

2.5.1.2.2

A5 I can add and subtract

A6 What does this symbol mean?
What different words do we use for this symbol?

2.5.1.2.2

A5 I can add and subtract

A6 What does this symbol mean?
What different words do we use for this symbol?

2.5.1.2.2

A5 **I can add and subtract**

A6 Look at this number sentence?

What different methods could we use to solve it?
What equipment might we use?

$$13 + 13 =$$

2 5 . 1 . 2 2

A5 I can add and subtract

A6 Look at this number sentence?

What different methods could we use to solve it?
What equipment might we use?

$$16 - 7 =$$

25.1.22

A5 **I can add and subtract**

A6 Let's solve these number sentences.

$$19 - 8 =$$

$$24 - 7 =$$

$$20 + 10 =$$

$$17 - 12 =$$

$$26 + 14 =$$

25.1.22

A5 I can add and subtract

A6 Write the number sentence and then use any method that you have learnt to find the answer.

$$26 - 6 =$$

$$10 + 31 =$$

$$30 + 20 =$$

$$31 - 7 =$$

$$18 - 13 =$$

$$14 - 10 =$$

$$25 + 16 =$$

$$23 + 17 =$$

$$16 - 9 =$$

$$13 - 12 =$$

Theme

25.1.22

I know about Australia.

Answers to Questions

Q: How long does it take to get to Australia?

A: 21 hours 37 minutes

Q: What language do people in Australia speak?

A: English

25.1.22

I know about Australia.

Answers to Questions

Q: What do people from Australia sound like

A: Watch some of the clip. 

Q: What is the time difference?

A: Canberra is 11 hours ahead of the UK.

25.1.22

I know about Australia.

Climate

Australia's seasons are the opposite to the seasons in the United Kingdom. When the UK is in winter, Australia is in their summer and when the UK is in summer, Australia is in their winter.

Mostly, summertime is very hot and dry. Summer lasts from December to March. People celebrate Christmas on the beach!

Weather in Australia

The weather in Australia changes over the year. Australia has different seasons of weather.

In Australia, the four seasons are summer, autumn, winter and spring. The seasons are identified by the group of calendar months which they belong to.

In Summer (December, January and February), the weather is hot. Some parts of Australia are humid and other parts are dry.

In Autumn (March, April and May), the weather becomes cooler.

In Winter (June, July and August), the weather is cold and rain and storms are common. Some places in Australia get snow.

In Spring (September, October and November), the weather becomes warmer, however, it is still very mixed. There can be rain, wind and cool days.

Weather in the UK

The weather in the UK also follows a seasonal pattern, and it is similar to the weather pattern in some parts of Australia, but is opposite in the corresponding months.

The Winter (December, January and February) usually sees the coldest weather. It is cold, wet and windy and it sometimes snows. The average winter temperature is around 3 degrees Celsius and the average rainfall is about 5cm.

In Spring (March, April and May), the weather turns milder. It can still be wet and windy, especially in April. The average temperature is 11 degrees Celsius and the average rainfall is 5cm.

In Summer (June, July and August), the weather gets warmer. Average temperatures go up to around 19 degrees Celsius and the average rainfall is around 4.5 cm.

The Autumn (September, October and November) sees the weather turn colder and wetter. The average temperature is 13 degrees Celsius and the average rainfall is about 6cm.

Physical Features

Most of Australia is made up of desert, called the Outback.

Temperatures in the Outback range from as high as 50°C on summer days, to -10°C during winter nights.

Australia also has rainforests.

The Daintree Rainforest is the oldest rainforest in the world. You can find more than 1200 types of insects here!
