Wednesday 2nd February 2022
I can describe the setting

Review your story plan.

What happens in your adventure?

Where has Penguin Small come from?

Wednesday 2nd February 2022

I can describe the setting

In the beginning, Penguin Small is at the _____, _____

North Pole. At the North Pole the _____, _____

snow covers the ground and the ___est, sea surrounds

the _____less land. Soon after meeting a ____, ____

_____ he drifts _____ly on a _____, _____ iceburg

through the _____, _____sea. The _____,

_____ water swishes _____ly against the edge of

the iceburg. Eventually the spot a _____, _____ _____

Wednesday 2nd February 2022
I can describe the setting

Where does Penguin Small travel to?

What is is like?

Who does he meet there?

PENGUIN SMALL

MICK INKPEN

Wednesday 2nd February 2022
I can describe the setting

Eventually they spot a _____, _____ _____ and

Penguin Small is full of _____ment. It is the most

_____ful place he has ever seen. _____, _____

cover the ground and there are _____, _____

everywhere. _____ly a _____, _____ _____

appears who is the _____est _____ that

Penguin Small has ever seen.

Wednesday 2nd February 2022
I can describe the setting.

Describe the North Pole and where

Penguin Small arrives in your own words.

Use noun phrases to describe.

The tall, rugged mountains rose high out of the water.

Join sentences using connectives.

and, that, if, but, because, when, or

Include suffix words.

less, ment, ly, ful, ness, est

MATHS

2. 02. 22

I can solve multiplication and division number sentences.

Can you count in 2s, 5s and 10s?

Count in 2s, 5s and 10s using the link below

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

Division

2. 02. 22

I can solve multiplication and division number sentences.

What do these symbols mean?

X

÷

2. 02. 22

I can solve multiplication and division number sentences.

Given these 3 numbers -

2   6   1 2

We can write 2 multiplication sentences

$2 \times 6 = 12$
$6 \times 2 = 12$

We can write 2 division sentences

$12 \div 6 = 2$
$12 \div 2 = 6$

2.02.22

I can solve multiplication and division number sentences.

<mark>Try these questions</mark>

Vocabulary
Multiplication $\times$
Division $\div$

3 x 2 =

6 x 1 0 =

5 x 4 =

1 5 ÷ 5 =

1 4 ÷ 2 =

5 0 ÷ 1 0 =

2.02.22

I can solve multiplication and division number sentences.

Now try

$\_ \times 2 = 8$

$10 \times \_ = 40$

$5 \times \_ = 10$

$20 \div 5 =$

$\_\_ \div 2 = 6$

$30 \div \_\_ = 3$

Vocabulary

Multiplication X

Division ÷

0 x 10 =	3 x 2 =	2 x 4 =	11 x 10 =
