Can you write your own sentence using the word of the day and spelling words?

Friday 4th February 2022

Luckily the island has a small runway so our plane could land. We got off and looked around. The mountains in the distance were tall and we knew that we would have to climb over them to get to the other side of the island where the treasure was. We looked at the map to see where we needed to go first. We walked along a path but trees had fallen down. We quietly crawled along the dirty ground. Then we saw a tall tree in front of us we didn't know what was going to happen or who we would meet.

Thursday 3rd February

I can write a story

We quietly crawled along the dirty ground and saw a tall tree in front of us we didn't know what was going to happen or who we would meet.

We heard a noise and we stopped. We looked around us but didn't see anything. We then started to crawl quickly.

I can use watercolour pencils effectively.

Now, let's learn how to use watercolour pencils.

If you have watercolour pencils this is a great tutorial to follow and have a go at your own image.

If you don't, still pay attention to how the lady shades with her pencils.

Can you draw a **flower or tree** and shade like this using normal pencils?
