

Wednesday 9th February 2022

I can plan a story.

Where did your character go?

What happened to them?

Describe it to your partner.

Wednesday 9th February 2022

I can plan a story.

Where might your character go next?

I can plan a story.

Plan your story in a format of your choosing.
It must show the main points of the beginning, middle and end.

0 9.0 1.2 2

I can draw bar charts

<https://vimeo.com/501677687>

If I roll a dice 30 times, how many times is each number rolled?

First create a tally chart.

Score	Tally	Total
1		
2		
3		
4		
5		
6		

Then roll the dice and tally each score.

After 30 rolls, total how many times each number was rolled.

Now present your data on a bar chart.

Can you think of your own question to investigate?

minutes
learning your
timestables

7. Now duplicate slide 4.

Use the *scribble* tool to make the roots and stem longer.

Copy and paste your leaf from slide 4.

Click on the copied leaf and place your pointer on the tiny green circle to turn the leaf around.

Add it to the other side of the stem.

8. Duplicate slide 5. Use the *scribble* tool to extend the roots on slide 6.

Now use the *scribble* tool to add a green bud at the top of the stem.

9. Duplicate slide 6.

On slide 7, use the **shape fill** colour tool to change the bud to the petal colour you would like your flower to have.

10. Duplicate slide 7

Copy and paste the flower bud several times on slide 8

Arrange the buds in a circle to create petals for your flower.

11. Click on the **transitions** tab

Under *advance slide*, make sure the *after* box is ticked.

Set at **00:03:00** and select **apply to all**.

Click on the **slide show** menu and then select **from beginning**.
