World Book Day

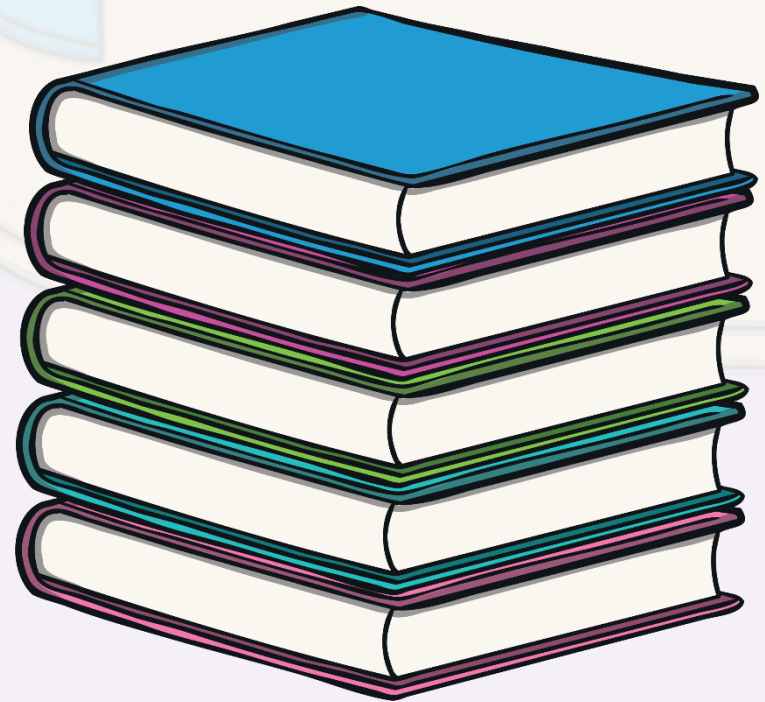

What Is World Book Day?

World Book Day is about children exploring the amazing world of books and reading!

Celebrations are held around the world:

- In the UK and Ireland, World Book Day is always held on the first Thursday in March.
- In the USA, World Book Day is on March 2nd.
- Around the world, in more than 100 countries, World Book Day is held on April 23rd.

History of World Book Day

World Book Day began with a decree by UNESCO, the United Nations Educational Scientific and Cultural Organization.

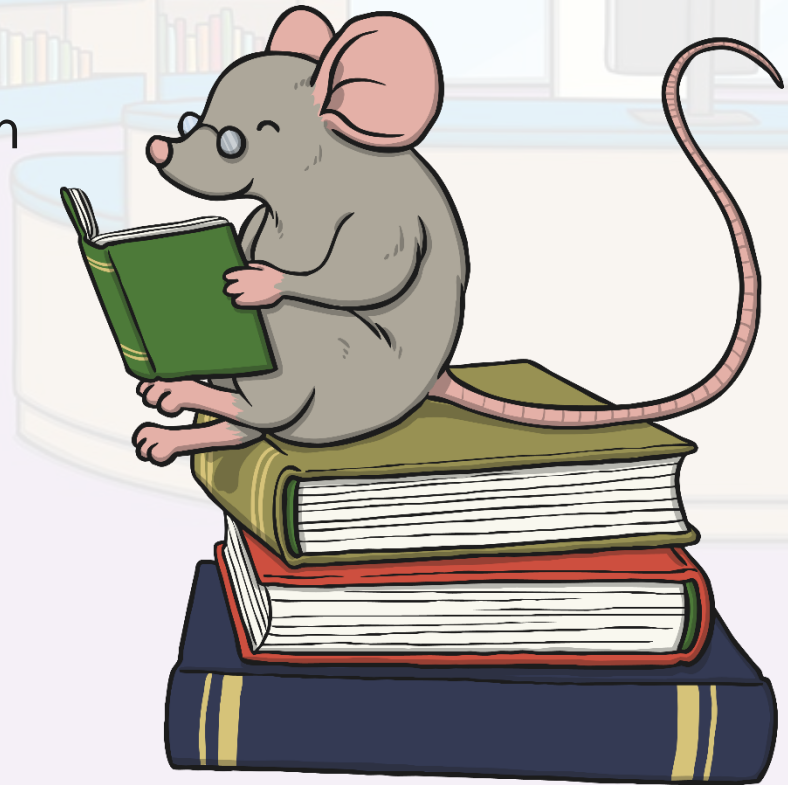

The first World Book Day was held in April 1995 – over 20 years ago!

The idea for World Book Day came from the Spanish celebration of “Saint George's Day” or “Sant Jordi's Day”. It was a day where people gave each other a rose and a book they have bought to show their love (very similar to Valentine's Day).

Six Reasons to Celebrate World Book Day!

1. The more you read, the more you'll know.
2. Books are magical and you can visit other worlds and times.
3. Books spark your imagination.
4. Reading helps you become a better writer.
5. Find a special book and have a 'friend' for life.
6. Books are relaxing to read after a long day at school.

Something to think about...

**Reading gives us
somewhere to go when we
have to stay where we are.**

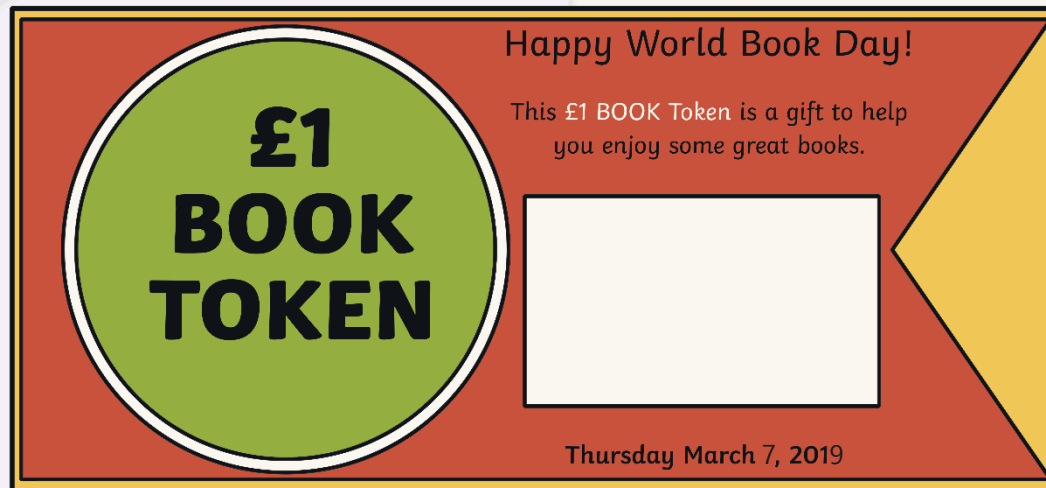

How Do We Celebrate World Book Day?

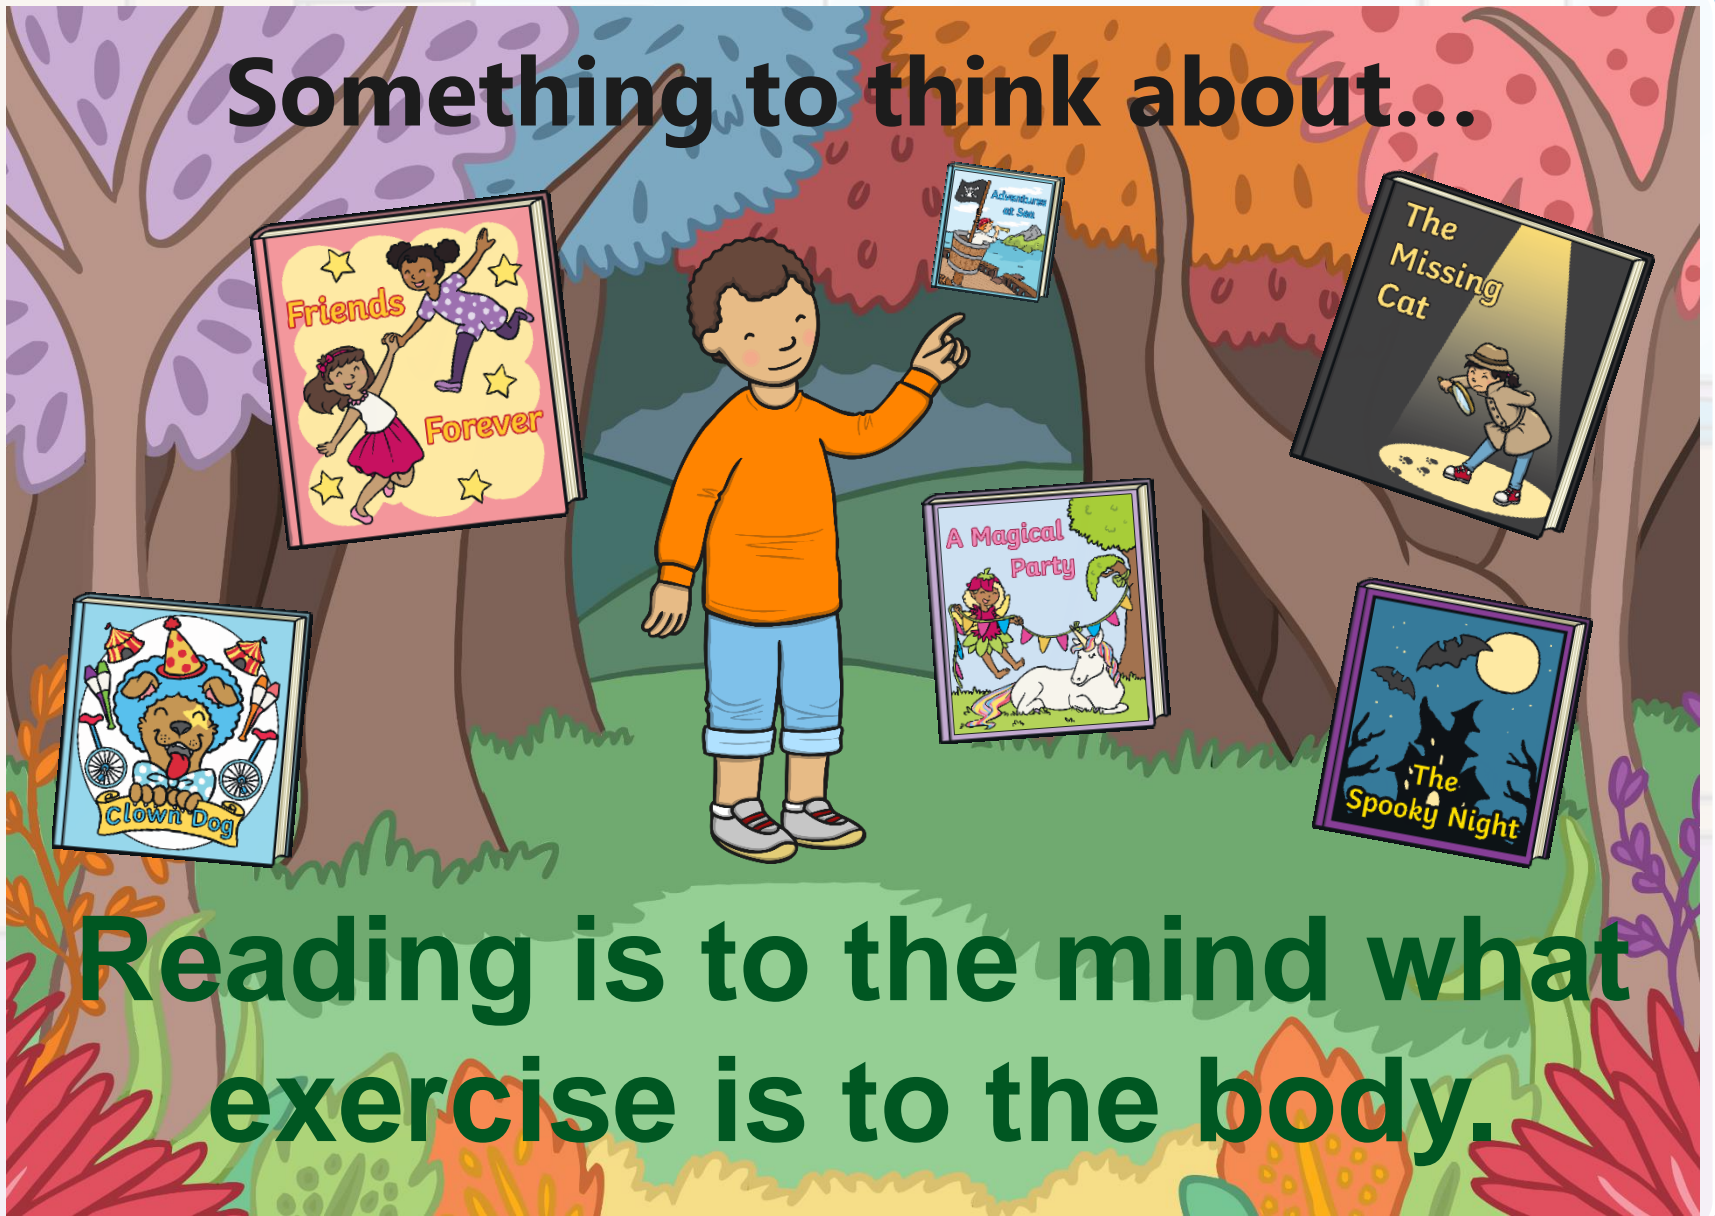

Every child in the United Kingdom and Ireland receives a free book!

One million book tokens will be given out.

They can be swapped for one of twelve specially written books, or you can get £1 off another book.

Something to think about...

**Reading is to the mind what
exercise is to the body.**

Name That Story Quiz

Read the clues on the next slides and see if you can guess the name of the Fairy tale stories.

A biscuit runs away and is chased by lots of people and animals. He tries to cross over a river with the help of a sneaky fox.

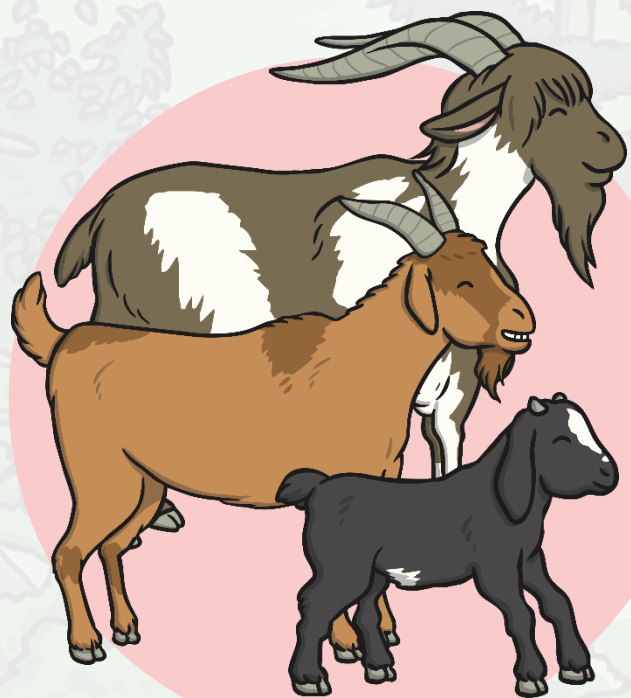

Name that story!

Can you tell me anything else about the story?

Some hungry goats want some grass to eat and decide to cross over a little bridge.

Name that story!

Can you tell me anything else about the story?

A little girl visits her grandma who looks rather different. She seems to have furry ears, big eyes and a long nose!

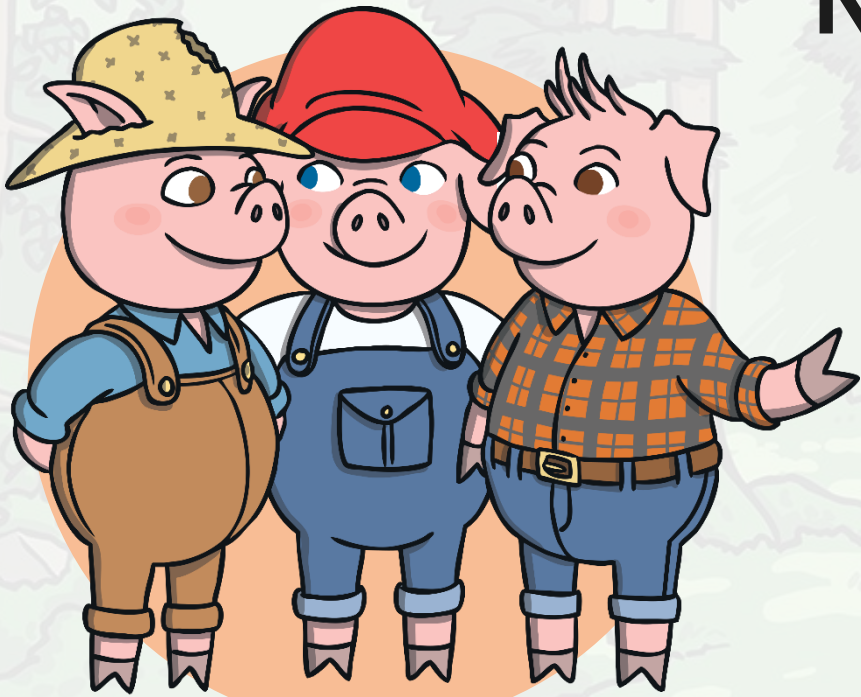

Name that story!

Can you tell me anything else about the story?

When some pigs leave home, they decide to build their own houses but a wolf pays them a visit!

Name that story!

Can you tell me anything else about the story?

A little girl goes into a cottage she finds in the woods. She eats some food, breaks a chair and goes to sleep in a little bed. Then the homeowners come back!

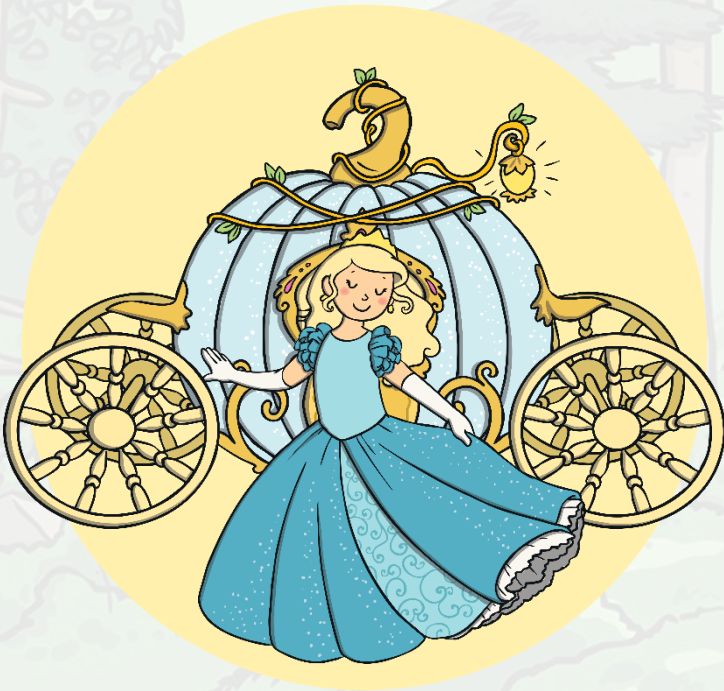

Name that story!

Can you tell me anything else about the story?

A girl leaves a prince's palace at midnight but drops a glass slipper.

Name that story!

Can you tell me anything else about the story?

A little boy grows an enormous beanstalk, finds a giant's castle and a rather special goose.

Name that story!

Can you tell me anything else about the story?

A man grows an enormous vegetable but needs lots of help to pull it up!

Name that story!

Can you tell me anything else about the story?

A little hen plants and grows some wheat, grinds some flour and makes a loaf of bread without any help from the other animals until it is time for the bread to be eaten.

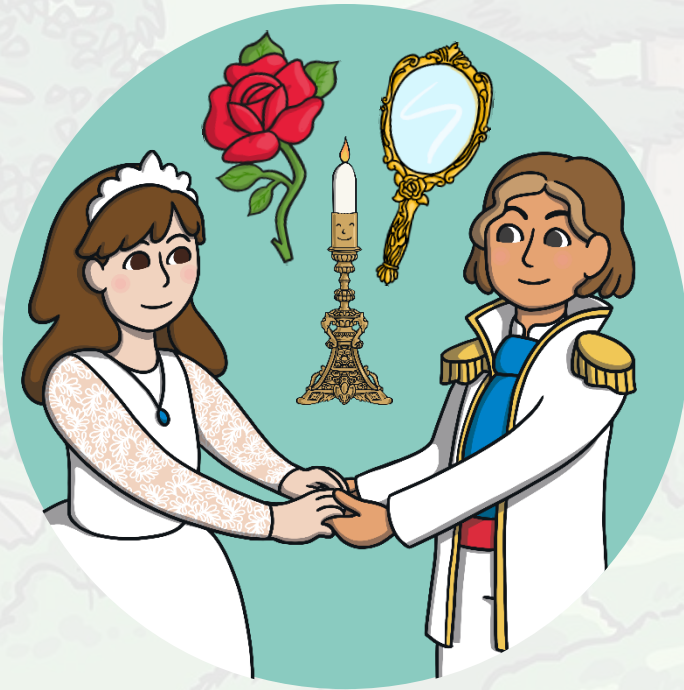

Name that story!

Can you tell me anything else about the story?

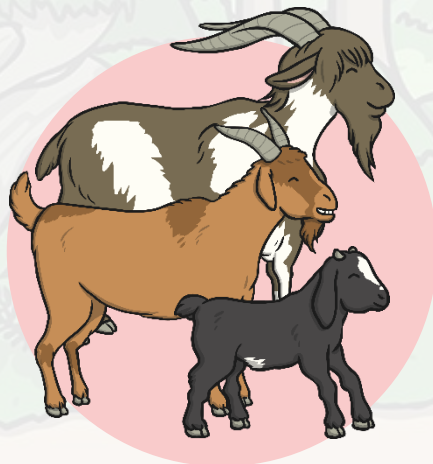

A witch puts a spell on a boy and turns him into a beast. He lives in a castle and falls in love with a beautiful girl.

Name that story!

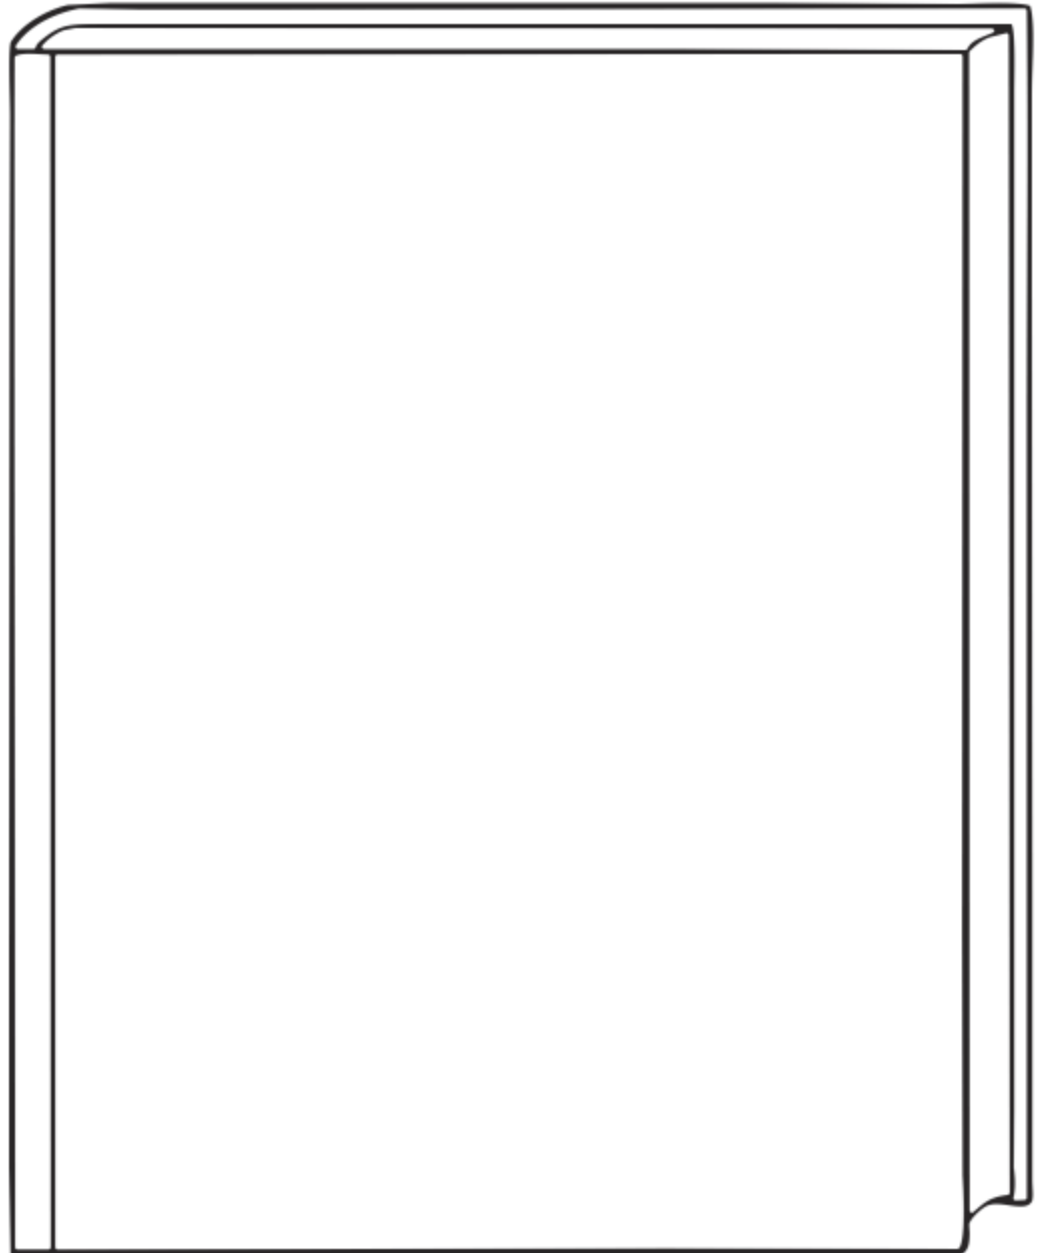

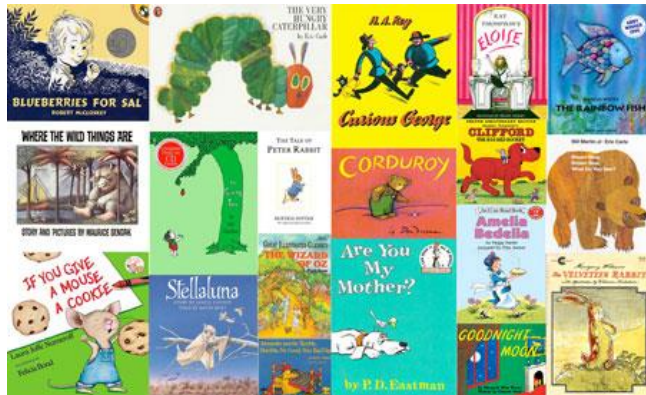

Can you tell me anything else about the story?

Can you remember some of the stories we named?

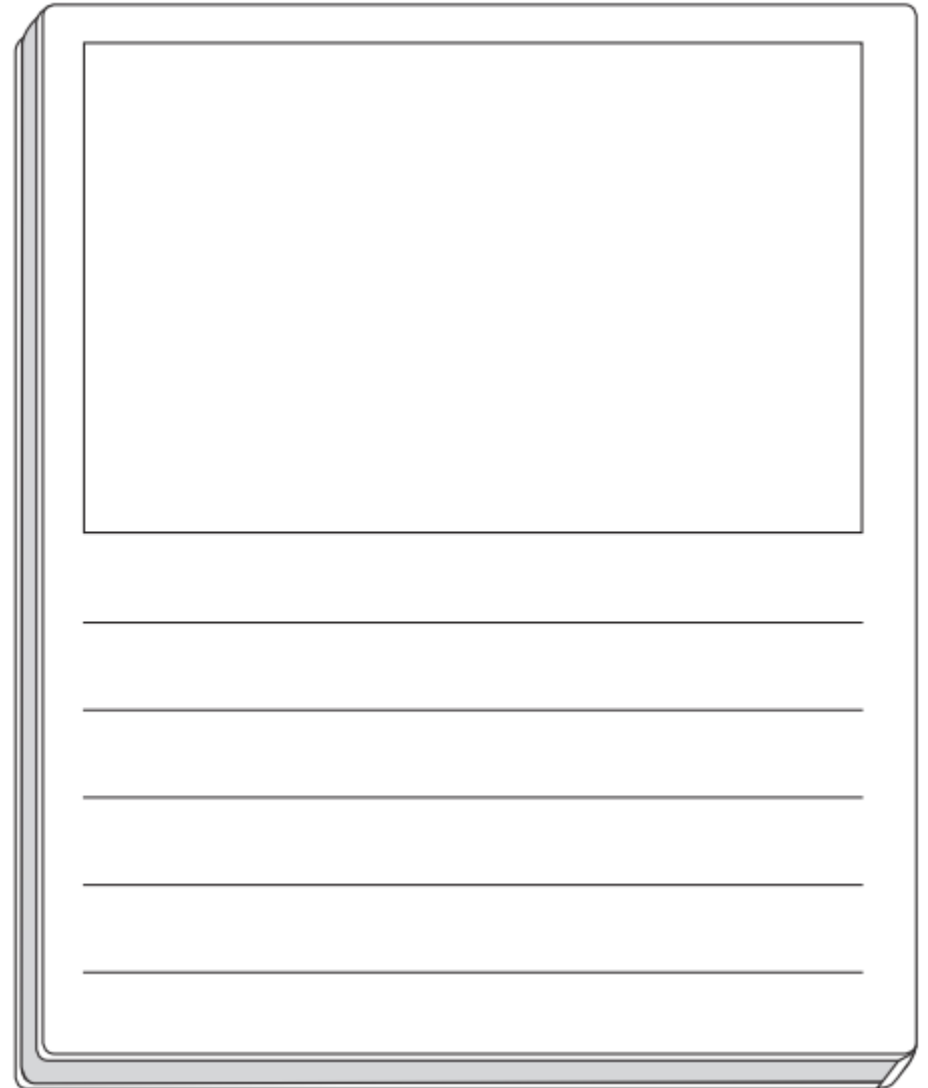

Design a front cover for a new book. Think about what pictures and colours you will use.

Blurb

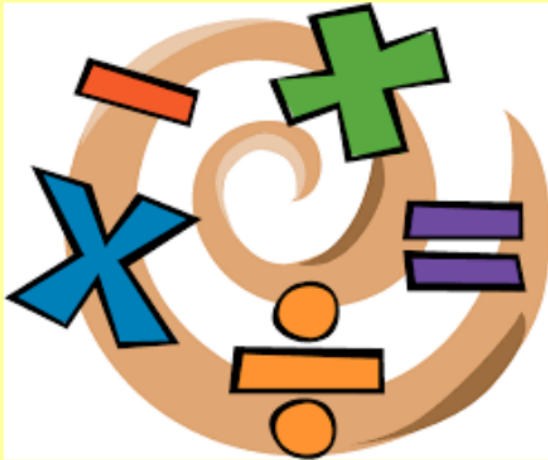

Most books have a blurb on the back cover. The blurb gives readers an idea of what the book is about. Most of all, it should encourage people to want to read the book.

Use the space below to write your blurb. You can decorate it with | from the book to try to give some clues about the story.

Maths

10:45 – 11:45

3. 3. 2 2

I can record a tally chart linked to books.

What is a tally chart?

Favorite Pets		
Pet	Tally Marks	Number
		10
		4
		6

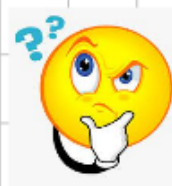

When would we use a tally chart?

Click on the link to learn about tally charts.

3. 3. 2 2

Your Turn

Find a book in your home and open a page. Create a tally chart for the questions below.

How many words are there on 1 page?

How many capital letters are on the page?

How many times can you see the letter 'a'?

How many times can you see the words 'and'?

Which is the longest word on the page?

Write down every 10th word.

Can you make a sentence using these words?

THEME
2:00 - 3:00

3.2.22

I can explore how wind moves different weights.

Look at the objects above. How do they move in the wind? Which are light and which are heavy? Does this change how they move in the wind?

3.2.22

I can explore how wind moves different weights.

We are going to investigate to see how the wind moves different things.

Think about these different types of paper. Are they the same?

Which do you predict will move most in the wind? Why?

Task

Find a stick, wooden spoon, art straw or lollipop stick in your home.

Attach different types of paper (tissue, paper, card, newspaper) to the stick using tape.

Go outside and hold the stick to see how the different types of paper move in the wind.

Which moved the most? Why? What paper didn't move as much? Why?
