Handwriting and Spelling

Write each word three times.

After each word has been written, put it into a sentence that shows its meaning.

Word of the Day = **demonstrate**.

Controversy

What does it mean?

sincerely

Does it have more than one meaning?

cemetery

leisure

Which word type is it?

achieve

How do we use it?

I can edit and redraft my mythical quest story.

	SA	TA
A setting from the distant past.		
A heroic character.		
mortal and immortal characters.		
A problem/obstacle to overcome.		
A fantastical beast.		

Will you be able to find three pieces of evidence for each of these criteria?

I can edit and redraft my mythical quest story.

What evidence can you find on the next slide for the success criteria?

Underline the examples with a differently coloured pencil for each one.

Once you have done this, complete the process for your story if you have it at home with you.

Croesus awoke early that morning as the sun sparkled through his window: it was another beautiful morning on the island of Seriphos. Gathering his few possessions - that he tucked inside his leather knapsack - Croesus got ready for his day of shepherding the goats as they roamed over the rugged island; his mother kissed him on the cheek as he left their meagre hut.

Plodding along the gravel track (where he'd seen his father fall at the hands of bloodthirsty wolves only a year ago) Croesus let his mind wander back to happier times: working on the swords with his father in the workshop, playing with his friends in the temple of Zeus and learning how to fire an arrow from a full sized bow. Those were better times.

Once you have completed finding the evidence, look over your work and wherever you've made a mistake, redraft the sentence with the correction...

- Sense (words missed out, missing subjects, unclear meaning).
- Spelling. (Are you sure 'that word' is correct? CHECK IT!)
- Punctuation. (Comma splices, missing full stops, inaccurate parenthesis)
- Paragraphing. (TiP ToP)
- Have we hit ALL of our success criteria?

Year Six Maths

Week 8 - Area, Perimeter & Volume

Lesson 5 - I can calculate the area of triangle in a range of orientations.

Videos to support the task can be found here.

<https://vimeo.com/507906973>

The worksheets for the lesson can be found below.

# Area of a triangle (3)

1 Calculate the area of the triangle.

area =  cm<sup>2</sup>

2 Calculate the area of the triangles.

area =  cm<sup>2</sup>

area =  cm<sup>2</sup>

area =  cm<sup>2</sup>

area =  cm<sup>2</sup>

3 What mistake has Dora made?

To find the area you do  
 $7 \times 6 \div 2 = 21 \text{ cm}^2$

4 Label the base of each triangle *b*.

Label the perpendicular height *h*.

5 Are the statements always, sometimes or never true?

The side at the bottom of a triangle is the base.

The perpendicular height is equal to the vertical height.

6 Calculate the area of the triangles.

area =  cm<sup>2</sup>

area =  cm<sup>2</sup>

area =  mm<sup>2</sup>

area =  m<sup>2</sup>

area =  m<sup>2</sup>

area =  cm<sup>2</sup>

7 Find the area of the shaded region.

area =  cm<sup>2</sup>

8 The area of each triangle is 12 cm<sup>2</sup>. Find the missing lengths.

$x =$   cm

$y =$   cm

9 Show two ways you can work out the area of the triangle.

Compare answers with a partner.

I investigate the use of logographs in art.

Christian Dotremont (1922 - 1979) used logographs inspired by languages from around the world often using them to write poems into his pictures.

I investigate the use of logographs in art.

**Your task...**

**Can you use  
Dotremont's idea  
of using the  
logograms of  
another language  
to create a picture  
with a message?**
