I can describe my character.

Let's have a look beneath the waves...

What can you see?

How could you describe it?

Wednesday 16th March 2022

I can describe my character.

Choose one of the fish.

Name it!

Describe their personality and appearance  
to your partner.

Wednesday 16th March 2022

I can describe my character.

Name: Zoe

Swimming between the large, golden stacks of coral, Zoe likes to surprise her friends, who chat by the seaweed. Unlike her sister, Zoe likes to bathe in the sunlight near the surface. Diving down to the murky depths, Zoe sometimes gets a little frightened when eyes appear suddenly in the gloomy distance. Zoe is a zebrafish whereas most of her friends are clownfish. Whenever they swim to school together, Zoe likes how the sunlight glistens on the radiant scales of her friends.

I can find a half

<https://vimeo.com/511156128>

## Find a half

1 Here are 6 counters.

a) Share the counters into 2 equal groups.

b) Complete the sentences.

There are 6 counters.

The counters are shared equally between

groups.

There are  counters in each group.

$\frac{1}{2}$  of 6 is equal to

2 Use counters.

a) Can you share 10 counters into 2 equal groups? \_\_\_\_\_

b) Can you share 11 counters into 2 equal groups? \_\_\_\_\_

Talk about it with a partner.

3 Mo and Eva have 12 tennis balls.

Share the tennis balls equally between Mo and Eva.

- 4 Find  $\frac{1}{2}$  of each number.

Use the arrays to help you.

$\frac{1}{2}$  of 10 =

$\frac{1}{2}$  of 16 =

$\frac{1}{2}$  of 20 =

- 5 Ron has run 20 m.

Start

Finish

Rosie has run half that distance.

- a) Draw an arrow on the running track to show where Rosie is.

- a) How far has Rosie run?

m

- 6 Here are half of Annie's sweets.

How many sweets does Annie have in total?

Compare answers with a partner.

- 7 Colour  $\frac{1}{2}$  of each shape.

Use the shapes to help you complete the number sentences.

$\frac{1}{2}$  of  =

$\frac{1}{2}$  of  =

- 8 Complete the number sentences.

$\frac{1}{2}$  of  = 10

$\frac{1}{2}$  of  = 7
