

## Year 3/4 Homework - Summer 1 - 2022

Please hand in work produced on: **MONDAY 23<sup>RD</sup> MAY**

### Literacy

#### I can create an advertisement poster.

In literacy, we have been inventing appliances and machines to perform multiple functions to help us in our lives. We have then been using persuasive language and features to promote and sell our products. Your task is to create a persuasive advertisement poster for your product. You may use the product that you have invented at school or you may invent a new one! You can find a helpful lesson on advertisement posters here: [youtu.be/0tKi5m5cJpQ](https://youtu.be/0tKi5m5cJpQ)

### History

#### I can create a Chinese dragon.

To complement our learning about the Shang Dynasty, your task is to see if you can create a Chinese dragon. You can watch a video instructing you how to make the one below: <https://youtu.be/H5BP4ruck-8>

We look forward to seeing your dragon!

Remember to visit [Rock Stars](#) regularly and read your reading book at the weekend. If you are away from school and are well enough to learn, please access the remote learning library on the school website. This library is a great resource for revisiting past learning! Revisiting learning is an excellent way to learn.

### Art - I can critique and create a piece of artwork.

Have a look around your home. What pieces of artwork can you see? These could be paintings, drawings, collages, sculptures, figurines or artistic photographs. Choose one. It does not need to be a piece that you particularly like but rather a piece that interests you. If it needs to be moved to view more closely, please ask an adult first. **Your task is to critique the piece of artwork.** Use these questions to prompt you:

1. What do you like about the piece?
2. What do you think the artist did well?
3. What techniques has the artist used?
4. What feelings or emotions do you think the artist wanted people viewing the art to feel?
5. What would you recommend to the artist to change if they were to create the piece again?
6. What two questions would you like to ask the artist about the piece?

**Next**, create your own version of the artwork. Use a medium of your choice to do this.

**If you cannot find a piece of artwork to critique, you can find one here:**
