

# Year 5 Summer 1 Homework: The Stone Age

Take care with the presentation of the work and ensure you put in the same effort you would put into your school work.

If you are absent from school, do not forget to revisit the learning we have already done in school via the school website.

Please return your completed work on Monday 23<sup>rd</sup> May 2022.

## Skara Brae:

The Neolithic village of Skara Brae was discovered by a storm in 1850, the site presents a remarkable picture of life in Orkney around 5,000 years ago.

Use the website below to create a fact file in Skara Brae and what we can learn about Stone Age settlements from it.

<https://www.bbc.co.uk/bitesize/topics/z82hsbk/articles/z33487h>

\*Don't forget to read the books that are allocated every Monday on Bug Club. <https://www.activelearnprimary.co.uk/login?c=0>

## Stone Age Art:

People living in caves decorated their walls with pictures of animals.

No cave paintings have been found in Britain, but Stone Age Britons probably painted scenes like the ones found at Lascaux in France.

The Lascaux cave paintings were created around 14,000 years ago.

Your task is to have a go at creating your own cave painting. Think carefully about what resources and techniques you can use.

To learn more about cave art:

## Stone Age Statistics:

These drawings were found in La Pileta cave in Spain and could be up to 25000 years old.

What do you think these drawings represent? Could they be about counting things? What might 'stone-age' people count? Might they be the earliest known number patterns?

Your task is to create your own survey for friends and family members. This could be about anything from favourite foods to favourite sporting teams. Use a tally chart to record the data and then decide how to present this data.

In our ICT lessons last half term, we used Microsoft Excel to create graphs. You may choose to use this to present Your tally chart data.

\*Please continue to use Times Table Rock Stars to revise times tables. <https://trockstars.com/>
