

## Year 4 Homework Spring 1 - 2023

Please hand in work produced on: **FRIDAY 10th February**

### Art

#### I can research a famous artist.

We are looking at different famous and influential 20th Century artists to inspire us this term.

**Your task is to research a famous artist of your choice. You may present the information as you wish: a fact page, a booklet etc.**

You may also want to try recreating a piece of their artwork or creating a piece of your own artwork in their style.

Here is a useful link to get you started with your research. Look under the 'Artists' section. Explore the artists and choose one that you would like to research.

[www.ducksters.com/history/art/](http://www.ducksters.com/history/art/)

You may want to consider these artists: Frida Kahlo, Claude Monet, Georgia Savage, Pablo Picasso or Georges Seurat.

### Numeracy – I can use area and perimeter to design a garden.

In numeracy, we have been learning about accurately measuring and converting length. We are also learning how to calculate the perimeter and area of rectilinear shapes.

**Your task is to use your perimeter and area learning to design a garden.**

Your design will be a bird's-eye view.

Here is an example in progress:

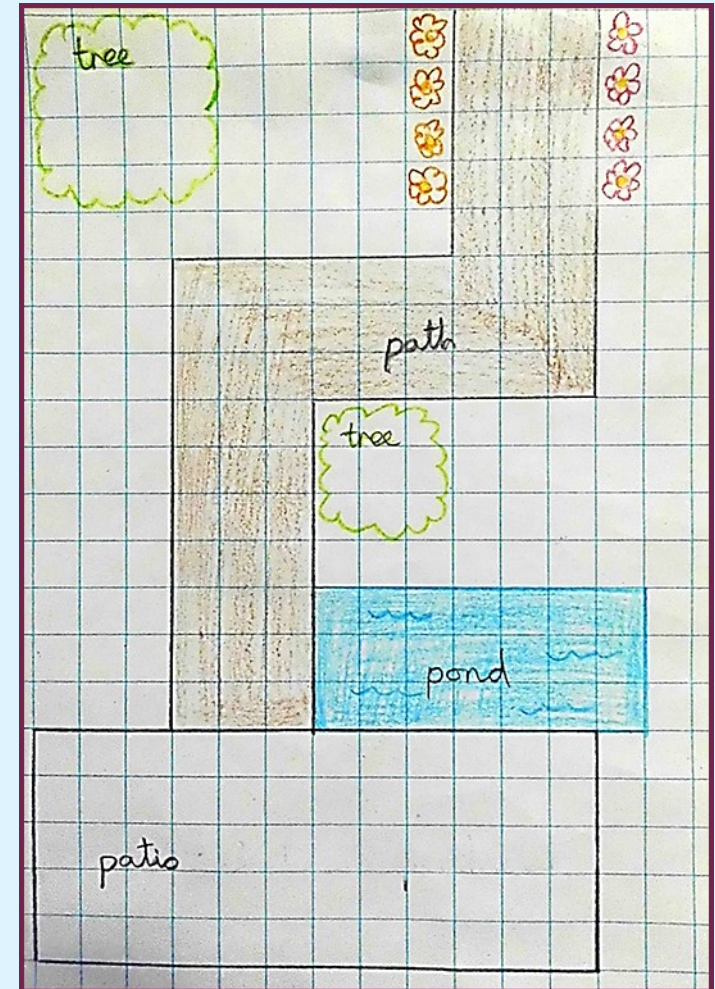

**Please include the following in your garden:**

- 1 x lawn (perimeter of 40cm)
- 2 x tree (area of  $16\text{cm}^2$  each)
- 3 x small tree (area of  $9\text{cm}^2$  each)
- 1 x path (at least an area of  $50\text{cm}^2$ )
- 1 x patio (perimeter of 34cm)
- 8 x yellow flowers (area of  $1\text{cm}^2$  each)
- 8 x blue flowers (area of  $1\text{cm}^2$  each)
- 8 x orange flowers (area of  $1\text{cm}^2$  each)
- 8 x red flowers (area of  $1\text{cm}^2$  each)
- 4 x rose bush (area  $4\text{cm}^2$  each)
- 1 x pond (area of  $21\text{cm}^2$ )
- 1 x sand pit (perimeter of 14cm)

#### Challenge:

What else could you add? Record it here:

Item	Area or Perimeter

Here are some useful links in case you would like a recap on how to calculate perimeter or area:

## History — I can design an ancient Egyptian collar.

In history, we have been learning about the ancient Egyptian civilisation. Jewellery was important in ancient Egypt for all classes of people. One example is the usekh collar which is a broad collar or necklace adorned with closely placed rows of coloured stone beads or sometimes made entirely of metal.

Your task is to design and make an usekh collar inspired by ancient Egyptian examples found in tombs and in artworks. **Please check with an adult before using scissors.**

If you would like some ideas or some different methods to design and make the collar, please visit these links:
