

Year 3 Homework

Summer 2

Please hand in work produced on: **Friday 14th July 2023**

Literacy — I can write a story about an explorer.

In geography, we will be learning about adventurers and explorers.

Your task is to write a story about an adventurous explorer. They have been on a journey to discover places that humans have never seen before. This could be under the water, to the heart of the jungle or even into space to explore new planets!

AFRICA—

Do you want to find out more?

What makes Africa interesting? —the weather, the animals, the craft and art work, the use of colour. Why not explore and produce something linked to Africa that you like.

All About Africa for Kids
southafrica-info.com/africa/africa-from-a-to-z/

THIS TERM WE WILL BE LEARNING ABOUT:

Literacy—writing based on stories around the world
Science—magnetism and forces, Geography—adventurer and explorers,
DT— creating a magnetic game. Maths— Shape, mass & capacity,
arithmetic skills. RE—Holy books.

Remember to visit Rock Stars regularly and read your reading book at the weekend.

Art

I can create a sunset scene.

First, use paint, colouring pencils or crayons to create your sunset background.

When your background is ready, consider what you would like in your scene. You may want some ground at the bottom. Perhaps a tree or bushes? You may want to choose an animal or even people to populate your scene.

Use black paper or card (ask your teacher if you need some) to draw and cut out your silhouettes.
