

Help us keep our local
seed libraries
thriving!

Walsall Seed Saving Social

Save the seeds from your homegrown crops and bring them back to share with others at our seed saving event taking place on:

Tuesday 6th October
10am-12pm
at Lucy's Pantry, The Saddlers
Centre Walsall Town Centre

Come along to meet like-minded people and share ideas about improving Walsall's food system, making it easier for everyone to grow and cook healthy food. Refreshments will be provided.

This small act helps to strengthen our community's food resilience and keep future seed libraries thriving.
